ANNUAL PIG ROAST

This week was our annual Pig Roast. There were many members present with family, friends. New members and their families as well as potential members.

Thanks to Mr. Larry Hunter for organizing this wonderful yearly event.

This is an evening where everyone can basically relax enjoy the meal that was prepared by Dr. Phil Pinnow, Mr. Tom Burge & Mr. Jay Feldman. While Bonnie Smith, Betty Friess & Polly Price and several other woman attended to the needs in the kitchen .

The covered dishes that everyone brought were fabulous, there was a variety of pasta salad as well as macaroni & cheese, potatoe casserole and salad, rolls. Followed by desert of pie, fudge , lemon squares and more.

Thank you to all who put so much into this night.

After dinner we had a Guest Speaker from the Portage Lakes Branch of the Summit County Library.

Special points of interest:

- PIRATE DAYS
- UPCOMING EVENTS
- PROJECT ELIMINATE

GUEST SPEAKER

Tonight's Guest Speaker was Cheryl Luck from the Portage Lakes Branch of the Summit County Library. Which she has been manager of for a year now. Her focus this summer is on " The Children's Programs. The library offers a lot for children to help get them interested in reading such as Mad Science, Fold Music and storytelling. Many of the programs are interactive where the kids create crafts. And there is always the summer reading program where they can earn prizes for the number of minutes they read through out the summer vacation.

This program is also available to adults. It's very simple all you have to do is read 30 minutes a day, and mark it down. No it doesn't have to be a book, it could be the newspaper, your e-mail or spending 30 minutes reading to your child or grandchild. What better way to interest a child than to participate in the program with them. I know several of us joined at tonight's meeting.

The library also has cd's, dvd's and books on cd if you plan on doing any traveling. The new thing this year is to listen to books on play aways, and you can download things from the library for free.

There are beginner to intermediate to upper class computer classes offered.

I am not sure how many of you know this but many of the things that are offered through the library are paid for by an organization called " Friends of the Library " they put on several books sales per year and other exciting events to help fund some of the library projects.

Another part of the funding comes from the community, And we can help in a very simple way. How you ask? Get a library card, or just visit the library - money is donated to the library for each person that visits the library and each person (regardless of age) who applies for a library card. This means not only the Library benefits from this so does the person who gets the library card. With a book your imagination can run wild. You can go anywhere (if just for a brief time) in a book. Please take time to visit www.akronlibrary.org and see what they have to offer.
